### HOUSES PASSES ANTI-FUTURE BILL

Washington, July 16.—Heavy penalties for gambling in cotton futures are provided in the Beall (of Texas) bill, passed by the house today by a vote of 95 to 25. The bill was yet to run the gamut of the senate.

Efforts were made to amend the bill to include provisions prohibiting gambling in grains, but failed. Supporters of the bill asserted that the efficiency of the measure would be impaired by adding complicated administrative features. They pointed out that a measure now awaiting action in the House is directed against gambling in grain.

The bill would prohibit all dealing in cotton futures and fix heavy penalties for purchase or sale of cotton not actually in existence. Heavy fines will be imposed for the use of mails and telegraph of cotton information. Representative Fitzgerald, Democrat, led the opposition, declaring the bill unconstitutional and said it would handicap the cotton producer and consumer.

#### Thaw Still Fighting.

White Plains, N. Y., July 16.—Oral arguments were presented today in what is believed to be the last feature of the fight of Harry Thaw to secure his freedom from Matteawan state hospital. Clarence J. Shearn, Thaw's counsel, submitted his clients case to the court. Harry Thaw's mother and her daughters, Mrs. Carnegie and Alice Thaw, formerly the countess of Yarmouth were in court. Wm. T. Jerome, counsel for the state will present his case. A decision is expected by the end of the month.

## Important Announcement

We are now located in our new home on East Main street opposite the Harris hotel. A much better room in which to show our goods, our main room being 50x100 feet and our basement salesroom 40x60 feet. We also have many conveniences for the use of our customers. Come and look around all over the store and we will not urge or worry you to buy.

#### Another Big Wheat Crop

Gale Statler, who was in the southeastern corner of the county a few days ago, reports that Henry Burrow has just threshed a bumper crop of wheat. It averaged forty-two bushels

and sixteen pounds to the acre and weighed out sixty-one pounds to the bushel. He also has a big crop of oats, but it had not been threshed. Mr. Statler says that Mr. Burrow had something like 100 acres in wheat.

"The People Who Put the Price Down"

W. C. Shaw, who returned from a trip to the south this morning, reports a good rain at Madill and Tishomingo Monday afternoon. It is also reported that Sherman was visited by a good shower Tuesday afternoon.

A new floor is being put in the Corn pool hall to replace the old one, which has been in the building since it was erected.

The News is in receipt of a dainty card announcing the birth of Wendell Phillips Brown at Aurora, Mo., Saturday, July 13. The young man is the son of Mr. and Mrs. Marvin Brown who are well known in Ada. Being something of a crusader himself, Marvin evidently thought to start the boy right by giving him the name of one of the greatest ante-bellum agitators.

### SENATOR OWEN WILL BE HERE FRIDAY

Senator Robert L. Owen will spend Friday in Pontotoc county, addressing the citizens of Roff and vicinity in the afternoon, and those of this part of the county at 8 o'clock in the evening. Senator Owen is one of the most scholarly and entertaining speakers in Oklahoma. He has never failed to draw a good crowd at Ada, and on this occasion he will probably eclipse all former records here.

### MAY NOT RAISE PONTOTOC VALUATIONS

Rit Erwin and H. D. Richardson returned from Oklahoma City this morning, where they and Nick Heard appeared before the state board of equalization Tuesday to protest against any raise of the valuation of Pontotoc county. They were well pleased with the result of the trip and are sure that if any raise is made it will be very slight. The board complimented Assessor Heard on the ability displayed in making the assessments of this county.

R. J. Ross, who has been down with typhoid fever for the past week, is reported a little better today.

### JESSE PICNIC THURSDAY OF NEXT WEEK

The News is in receipt of a communication from W. F. Branstetter calling attention to an error in a statement made last week regarding the big picnic at Jesse. The News had it Tuesday, July 23, whereas, it should have been Thursday. The date (25th) is correct, the day in the week being wrong.

Meet Your Friend at Our Soda Fountain

### ARKANSAS WILL VOTE ON PROHIBITION

Little Rock, Ark., July 16.—The state supreme court has decided that the state-wide prohibition bill must be submitted to the people of Arkansas at next November's general elections.

Notwithstanding the executive committee of the Anti-Saloon League, which had secured the necessary signatures, had announced that it thought it inadvisable to proceed with it, the court holds that the petitions may be filed at different times and the aggregate number of names be taken, provided that the same matter appear on all the sheets. It also decided that there is no conflict with any provision for local legislation relative to local option.

### MANY SILOS WILL BE BUILT

The silo building industry bids fair to become an important one for this section. A. J. Mossman will have the first one at Lawrence completed in a few more days, and will immediately build another there. He began work on one at Sacred Heart Monday, and will soon begin on one for himself in town. He says he will build at least a dozen in this county during the summer. OK cement is the material used.

#### U. S. to Bar Absinthe.

Washington, D. C., July 17.—The importation of absinthe into the United States and its sale in interstate commerce will be prohibited after October 1 by a pure food decision signed by Secretary Wilson.

"It is generally recognized," says the decision, "that this beverage is dangerous to health."

Members of the pure food board have expressed the opinion that the decision virtually would abolish the use of absinthe in the United States. Belgium, Switzerland and Holland have passed laws forbidding its manufacture, sale and importation and the French senate, two weeks ago, took similar action.

Absinthe also is condemned by the laws of Brazil.

## MONARCH OIL STOVES

JNO. P. CRAWFORD  
(Re-election)

For Clerk of District Court:

FRANK HUDDLESTON  
A. D. TANNER  
L. C. (CLARK) LINDSEY

## Ireland to Welcome Asquith.

Dublin, July 17.—All Dublin, and in truth, all Ireland, is on the quiver in anticipation of the arrival tomorrow of Prime Minister Asquith. Crowds are pouring in from all points and it is estimated that thousands will be added to the normal population of Dublin by tomorrow night.

The Premier, accompanied by the Chief Liberal Whip, is due to arrive by the mail boat tomorrow morning. During his stay in the city he will be the guest of Augustine Dirrell, chief secretary for Ireland, at the official residence in Phoenix Park.

Every seat has been allotted for the great meeting which Mr. Asquith is to address in the Theatre Royal on Friday evening. John Redmond, the leader of the Irish party in parliament, will preside at the meeting, and will be supported by Mr. Dillon, Mr. Devlin and other Nationalist leaders. The attendance will include members of parliament, the mayors of the principal cities of Ireland, representatives of the Irish universities and the chairman of county councils.

On Saturday Mr. Asquith will return to London, breaking his journey at Liverpool, where he is to be present at a Liberal garden party given by Sir William Lever.

The Ardmoreite states that a company is being organized at Ardmore to plant a big orchard of Elbertas. It occurs to us that that is a move in the right direction, for the plan has worked successfully in other places and should be a winner in Oklahoma. This state is well situated to make the best of the market. The peach crop here is not ready for market until the Texas crop has been disposed of and then comes on just in time to keep the market replenished. For this reason the fruit of this section should always command a good price. Instead of buying stock in some wild cat plantation graft in Mexico or Central America, Oklahomans have a chance to reap a golden harvest right here at home by embarking in the orchard business.

## Two or Four Kinds of Women.

Someone—probably one of those Frenchmen whose life job it was to make epigrams—once said that there are but two kinds of women: good women and bad women. Ever since then problem playwrights have been putting that fiction into the mouths of wronged husbands and building their "big scene" around it. But don't you believe it. There are four kinds: good women, bad women, good bad women and bad good women. And the worst of these is the last.—American Magazine.

## Always Some Shred of Good.

No man is perfect; yet no man is wholly broken and useless. You may grind a mirror to powder, so that it no longer reflects a single ray of light, but you cannot crush a human soul so utterly that no trace of goodness—which is a reflection of the eternal goodness—may be found somewhere in its depths.—Christian Endeavor World.

## Cure for Nerves.

People cultivate nerves to a large extent and do not apply simple rules to cure them. Healthy work particularly out of doors, is an excellent antidote to nerves. Onions are a very good tonic for nervous people. Cranberries are good for sufferers from inactive liver.

## Gas From Peat.

The production of gas from peat having a low water content (up to about 20 per cent.) for use in suction gas (sauggas) engines has already met with success in Germany, but for a number of years efforts have been made to utilize peat with a water content as high as 50 to 60 per cent. and thus eliminate the costly process of drying the raw material.

## SENATE WILL TRY ARCHBALD

SITTING AS HIGH COURT WILL TRY IMPEACHMENT CHARGES AGAINST JUDGE.

Washington, July 16.—The trial of Judge Robert W. Archbald of the Commerce Court, accused of misbehavior by alleged acceptance of favors from litigants before his court, got under way today.

The senate was sworn in as a court of impeachment and a summons for the accused Judge, calling him to its bar July 19, was issued. Judge Archbald is in Scranton. The sergeant at arms of the senate will serve him there, probably tomorrow.

At 12:30 o'clock Friday the court of impeachment will reconvene, with the accused jurist present, and determine if the trial shall proceed at once or go over until fall, perhaps to a special session in November.

Members of the senate who have consulted with the judge and his counsel will urge that his wishes to have the trial go over until fall be complied with.

The house managers, who appear as prosecutors, will oppose such a continuance. Several members of the senate are prepared to urge speedy action. Members of the senate will settle the question and will agree, it is believed, to take a recess of the court until early in November. If a recess is not taken, a special session of congress probably will be asked.

Attended with the solemnity which marks an occasion where a federal officer is called to account for "high crimes and misdemeanors" against the government, the senate converted itself today into a "high court for the trial of impeachment."

Henry D. Clayton of Alabama, chairman of the house committee of impeachment managers, read the demand for a summons for the judge.

"We, as managers of the House of Representatives, demand that a process be issued for Robert W. Archbald," said Judge Clayton, "and that he be required to appear at the bar of the senate and answer the articles of impeachment."

An order for his appearance Monday was offered by Senator Clark of Wyoming, chairman of the Senate Committee on Judiciary, and was objected to by Mr. Clayton and Senator Bacon. Friday was then fixed.

"When the Judge has been served with the process," said Mr. Clayton, "then he may appear and request a reasonable time to make his answer to the articles of impeachment."

Less than an hour was taken up with the organization of the court of impeachment and the adoption of formal orders for the appearance of the defendant and witnesses.

The trial of Judge Archbald for alleged connection with business deals in which it is charged he appeared as the beneficiary of railroads having litigations before his court is the first impeachment case before the senate since that of Judge Swayne of Florida in 1905. Swayne was acquitted.

Yesterday the maximum temperature was 94 and the minimum 70. This afternoon at 3 o'clock the News thermometer registered 92.

The summer hotel has furnished many excellent stories, and this evening one of these will be shown at the De Sota. It is entitled, "The Schemers," and is the real article. "Hill Folks" is another that will keep your interest up to the top notch.

### "MADE IN GERMANY."

Very often home enterprises find it hard to exist because of the tendency of people to imagine that the same article can be bought to better advantage elsewhere. Because a thing is made at home they are inclined to think it inferior, when as a matter of fact it is as good or better than the same article imported. "Made in Germany" is a brand that has served to sell goods in many places, simply because the people thought because the article so branded was superior in quality because it purported to come from abroad. The home man should have first call and the article manufactured there should always command a premium instead of a discount.

Mrs. W. B. Paschall and daughter, Miss Elizabeth of Oklahoma City, are the guests of Mrs. M. F. Manville. Tomorrow morning the hostess will entertain a number of friends at a breakfast in honor of her guests.

### WE DELIVER COAL

promptly, and without making a lot of dirt about it. SOMEWHAT HEAVY are the tons of coal we send to our customers. Never a pound below the weight. And it is free from dirt and stones—every piece burns and gives heat. Can't find any better coal at any price.

Remember if you get 1500 lbs. of rump coal and 500 lbs. of slack for a ton you have really only 1500 lbs. of coal as the slack is worthless to you. We would not let you have slack if you wanted it as we need it for our boilers, so be sure and get our prices before you buy.

New Wall paper coming in all the while at Holley's. 229tf

T. M. Stuart of Morton, Miss., en route home from Colorado, spent yesterday with his uncle, A. L. Miles.

District Manager W. W. Ayres and W. E. McKelvey want your application in the Yeomen. Phone 184 or 140. 164-30t

Mrs. L. J. Green of Shawnee, is visiting her sister, Mrs. J. W. Westbrook.

See B. B. Howard for all kinds of tin work. Phone 256. 166-dtf

Pontotoc county is entitled to fifteen delegates to the state convention of the Bull Moose party.

On East Main street, in beautiful Ford addition. Terms to suit purchaser; small cash payment. Title perfect. R. P. Ford, Ada, Okla. 47-tf

Mrs. T. S. Sutton, accompanied by her brother, Roy Saffarrans, left this morning for her home at Denver. Roy will spend sometime there enjoying the breezes of Kool Kolorado.

For Plums, Peaches, Apples, Frying Chickens, etc., Phone 139. John D. Rinard. 85-6t

M. M. Gubin returned from St. Louis this morning and will be here for sometime to come, looking after the affairs of his Ada store. He seemed so glad to get back that he hit a trot as soon as he lit on the platform.

Kit Guest has been appointed night policeman to succeed Mr. Huggins.

Mrs. Mary Ware Harmon, an accomplished musician, who holds diplomas from Boston conservatory and other well known institutions, will be in Ada shortly with a view of locating here. She has had a most successful career as teacher of both instrumental and vocal music. She will probably give a free musical at some Ada church when she arrives.

### NOTICE.

Under the law all voters living in cities of the First Class are required to register during the month of July. For the convenience of all parties arrangements have been made with G. P. Carney to keep the books open at Jones Drug Store, opposite the post office. Be sure to register, otherwise you will not be allowed to vote in the coming election.

A. R. SUGG,  
Secretary County Election Board.

### ELEVEN-YEAR-OLD LAW.

**SUIT STILL PENDING**  
The stenographic record in an 11-year-old lawsuit, still grinding away in Kansas City, is now 34,000 pages. The stenographers' fees (paid) are \$25,000. One lawyer is now suing for \$80,000 fees in addition to what he got. One receiver received (receivers always receive) \$25,000. Others getters got (that is, beg pardon, other receivers received) various dignified sums. Attorneys at law galore got theirs. And, so far as anyone can tell, the suit is now right back where it started.

"It's aw a muddle, aw a muddle." And still the legal profession expects the people to take the law "as she is administered" as the concentrated wisdom of the ages!—Kansas City Star.

## Wall Paper

Has taken a tumble in Price

On account of the backward season this year, I find that I am overstocked on Wall Paper

In order to stimulate trade in this line, I am going to make prices that will move it. Call and see I can show you better than I can tell you.

L. T. Walters and P. H. Deal were passengers to Stonewall this morning. A. L. Davis was a passenger to Clarita this morning.

Tobin will sell you a dish of good ice cream for 5c. 82-6t

Mrs. George R. Tabor of Dallas, is visiting her parents, Judge and Mrs. Conway O. Barton. Mrs. Tabor is the wife of Dr. Tabor, former state health officer of Texas.

Everyone is reading our want col- your agent. Results are sure.

This morning Deputy Sheriff L. M. Chandler left for McAlester with Tom Hutton, under sentence for a year and a day for forgery, and — — Highsaw, convicted of disposing of mortgaged property. He also took back a negro brought to Ada as a witness.

W. O. Pratt is over from Moller today in the interest of his candidacy for tax assessor.

### IMPORTANCE OF HEALTHY KIDNEYS

Ada Readers Should Learn to Keep the Kidneys Well.

The kidneys have a big work to do. All the blood in the body is coursing through the kidneys constantly to be freed of poisonous matter. It is a heavy enough task when the kidneys are well, but a cold, chill, fever, or some thoughtless exposure is likely to irritate, inflame and congest the work.

Then the aching begins, and is usually accompanied by some irregularity of the urine—too frequent passages, sediment or retention. Thousands testify to the wonderful merit of Doan's Kidney Pills, a remedy for the kidneys only, that has been used in kidney troubles 75 years. You will make no mistake in following this Ada citizen's advice.

J. W. Bowling, 112 Broadway, Ada, Oklahoma, says: "I found the use of Doan's Kidney Pills very beneficial when my kidneys were weak and I had a backache. I willingly recommend this remedy to any one having backache or kidney trouble."

### Baseball Notes.

Bill Armour, the former Detroit-Toledo manager, is scouting for the St. Louis Cardinals.

Shortstop Dowd, the former Brockton player, is making good with the New York Highlanders.

In the absence of Manager Frank Chance, Joe Tinker acts as captain-manager of the Chicago Cubs.

Three times this season the Gints have run up nine wins in a row besides their sixteen straight victories.

The Minnesota-Wisconsin League has disbanded, the Winona team being in the lead when the league hit the rocks.

"Cactus" Cravath is living up to his reputation as a fence buster by leading Charlie Doin's Quakers in batting.

The White Sox have sent Walter Johnson II. back to Racine and will now try out Cy Young III., who hails from Stevens Point, Wis.

Thirty-one players in the National League are hitting for .300 or better, while the American League has only twenty-one men in the select circle.

Claude Rossman, the former Detroit first baseman, now with Minneapolis, is leading the American Association in batting with an average of .376.

Several big league scouts are sweet on the work of Billy Swanson, the clever center fielder of the Dubuque team, in the Three-I League.

Catcher Forrest Cady, of the Boston Red Sox, is a great pegger to the bases. It is said that only one man has stolen a base on him cleanly this season.

"Casey" Hageman, who has been sent back to the Denver Club by the Boston Red Sox, refuses to report to the Grizzlies on account of a cut in salary.

Buffalo fans are not very strong for George Stallings' Bisons this season. The team has not been able to hold its own with the leaders in the International League.

You have to hand it to the St. Louis Browns for running true to form. Here's the dope: July 10, 1911, 29 wins, 53 defeats; 275; July 10, 1912, 20 wins, 53 defeats, 274.

Quite a number of College stars have entered professional baseball this season. The list includes Eppa Rixey, University of Virginia, with the Philadelphia Nationals; Charles Hightower, Cornell, with Buffalo;

### FOLK PREDICTS

#### SWEEPING VICTORY

Enid, Ok., July 16.—That William Jennings Bryan was the greatest moral teacher of this generation, that he is the head and front of the progressive movement in this country, and that he is greater and stronger than ever before, were some of the declarations of former Gov. Joe Folk of Missouri here Sunday.

"The democratic ticket is the best we have had for years, and will be elected by a big majority," said Mr. Folk. "Wilson is being supported by the real progressives of all parties,

and the contest is so one-sided there is no sport in it. When Wilson is elected and carries into force the progressive policies it will impart assurance that the democratic party is settled in power for a generation. From 40,000 to 50,000 majority may be expected by Wilson in Missouri. Naturally the people there were disappointed over the defeat of Champ Clark.

"Those who think Col. Roosevelt is down and out are mistaken. He is a forceful character, with a surprisingly large following among the people, and if he will make an active campaign he will carry most of the states that Gov. Wilson does not carry. President Taft will hardly have more than thirty votes in the electoral college.

The popular drift, though, is toward Wilson."

The expulsion of Lorimer, the ex-Governor said, will have a wholesome effect upon the politics of the country and general in all parties. The vote indicated that within a year "the senate has been touched with a live coal off the altar of the public conscience."

#### TEXT BOOK COMMISSION WILL ADOPT SCHOOL BOOKS

Oklahoma City, Ok., July 16.—If members of the State Board of Education are in favor of postponing the textbook adoption as requested by Gov. Cruce they failed to make it known today, according to State Superintendent Wilson, who is president of the board. Wilson said that at the opening this morning he inquired whether there were matters to be taken up, and no one responded. The three members whom the governor believes are favorable to the postponement were present.

It was explained later in the day, not from official sources, however, that all members of the board would continue hearing the book company representatives, but halt at announcing the selections until after Oct. 15, as the Governor desires. This would be in harmony with his compromise

offer to the board made yesterday.

Gov. Cruce said that he had no word from the board members, but assumed from the continuing sessions they would run counter to his suggestion.

"Will you have anything further to say in regard to adoption?" he was asked.

"I have said about all I care to, but I know what I intend to do," he replied. "I will approve neither the contracts nor the bonds if an adoption is attempted at this time. Superintendent Wilson says that the board will do its duty, and that it will be up to the governor to do his when the time comes. That is correct, as far as I am concerned, and I have already indicated what I would do."

Although the board has allotted one hour's time to each of the companies, much less is used, and it looks as though the hearings will conclude before the week's end. Within ten days or two weeks, Superintendent Wilson says, the board would be ready to announce adoptions.

Owen Owen, a cousin of Senator Robert L. Owen, was in Ada this afternoon in the interest of the candidacy of the senator for re-election. He is a most pleasant young man and made a very favorable impression on those he met while here.

### Source of Vice Presidents.

Next to New York, Indiana has been the most popular source of vice presidential nominees since the war. The choice of Governor Marshall by the Baltimore convention adds another to a long series of Hoosier candidates for the second office in the land. In this governor the party chooses a man for vice president who is of sufficient caliber for the higher office, were circumstances to call him to its duties.

Beginning in 1868 Indiana has furnished major party candidates for vice president seven times. Thrice her candidates have been elected—Colfax, Hendricks and Fairbanks. Hendricks ran twice, being defeated once. The one nominated this week will know his fate in November.

It is curious to note that Ohio, which has never had a vice president was the birthplace of two of Indiana's three who reached that office. The two were Hendricks and Fairbanks.

Indiana has had but one president—Benjamin Harrison—and he was born in Ohio.

Giving Ohio credit for every president born within the state, she has furnished six of the eight elected to the White House beginning with 1868. To New York belongs the other two—Cleveland and Roosevelt. Arthur, of course, was a New Yorker, but he was not elected to the presidency.

Indiana may be the mother of vice presidents, Ohio, still retains the greater honor, however.—Cleveland Plain Dealer.

### PIONEER AVIATOR

#### KILLED BY BUFFALO

Paris, July 16.—Hubert Latham, the Anglo-French air man and one of the pioneers of heavier-than-air aviation was killed by a wild buffalo June 7 during a hunt in the French Sudan.

The governor general of French Equatorial Africa in telegraphing the news today to the minister of colonies, says Latham was out with a number of natives in the forest when he shot and wounded a buffalo, which immediately charged him and gored and trampled him to death.

Latham's death occurred on the Chari river near the Bahr Es Salamat, practically in the center of the French Sudan, in the direction of Lake Chad. The date of the fatality was June 7.

**YOU SHOULD BE INTERESTED** in any method that reduces the labors about the household. Electricity saves many steps and is the best servant you could install in your home. A few of the many things you are able to accomplish with the use of electricity besides lighting your home: There is washing the clothes, operating the sewing machine, cooking, baking, heating and ironing. Electricity is no longer a luxury—it's a necessity.

## YOUNG MOTHERS

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons, invigorates, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.
